Mr. E. O. Morris and Miss Delta M. Tennyson, both of Uniontown, were married at 2:30 Tuesday at the home of Mr. and Mrs. Al Gunn, Judge Smith officiating. The young people returned to Uniontown in the evening where they will make their home. And all their friends wish them joy.

Several boys ride horseback to school every day from the country. They come in fresh and rosy and prepared to grapple with the worst mixed up sentence that Virgil ever wrote. City boys are fond of using ponies to get through their Latin and Greek with, but the four footed article is of more lasting benefit.

The poor reporter once wrote about a Rebeckah supper and got the Columbian and Dorothy lodges mixed. Ever since, when he has occasion to mention one he fears to make a mistake, for a vision of 130 wrathful women rises before him. That vision reappeared this morning for as usual he got the names of the two lodges mixed recently.

The Sisters of Saint Francis Clinton, Iowa, writes under the date of January 21, 1897, about six months ago a very renowned clergyman recommended Regan's Rheumatism Remedy to us as one of our sisters was a severe sufferer from rheumatism of over three years duration. After she had used one bottle of the remedy we are pleased to say she was entirely cured. We therefore cheerfully recommend this wonderful remedy to all similarly afflicted and heartily wish it the unlimited success it so richly deserves. For sale by Evans Bros. \$1 per bottle.

Norris Ball, a member of Co. L, who has been home on a furlough, received a telegram last Friday to report at Ft. Leavenworth and get his transportation for San Francisco. With transports sailing weekly for Manila from that port, the summons cutting his furlough in half would seem to indicate the early departure of the 20th. There will be a sudden gripping at the hearts of the mothers who have fondly hoped all along that the war would end at 'Frisco, but the ships will sail and the boys will cross the sea. But they will come back, a little older, wiser and much fonder of home. The boys want to go and the REGISTER sympathizes with their joy at this late realization of their hopes.

Mr. Tom Payton went to Wichita Monday. He has been in Iola some time and likes the place so well that he will move here in a few days and make this his future home.

The man who expects work from the city, unless he is "royally related" will do well to remember that the gas plant is already in while a water-works plant must needs be built.

Sour stomach, fullness after eating, flatulence are all caused by imperfect digestion. Prickly Ash Bitters corrects the disorder at once, drives out badly digested food and tones the stomach, liver and bowels. For sale by Chas. B. Spencer & Co.

Mr. G. W. Moore and W. D. Mitchell two of Ft. Scott's prominent business men, were in Iola Saturday looking for a vacant building. Whether or not they found one suited to their purpose, and what the purpose was, could not be learned.

L. W. Stillwell, superintendent of public instruction at Garnett and a brother of Judge Stillwell, is figuring on starting a bank at Moran. That is certainly an excellent point for such an institution and Moran is fortunate in getting a man of Mr. Stillwell's capacity and ability.

The derrick for the gas well on the Jeffers place, that will be drilled by the Iola Gas Company, is completed and drilling commenced Monday. It is almost a sure thing that a strong flow of gas will be struck there as it is right in the field of the strongest wells. And here's hoping.

The REGISTER regrets to learn from Mr. T. V. Montgomery of Carlyle that his mother, who was thrown from a wagon several weeks ago is still far from recovery. She fell in such a way as to break the bones of her left hand and it is feared that her hand may have to be amputated above the wrist.

Did you ever see Harry Bassett and Homer Fowler going home to dinner? Well that's a sight. Homer Fowler is about twelve feet tall and Harry Bassett is about twelve inches short and when Mr. Fowler walks along at his usual rate of speed Harry has to run his level best to keep up with him.

Mr. Frank Minor, of Salida, Col., arrived home Saturday afternoon called here by the serious illness of his father, E. P. Minor. Frank used to live here, having moved onto the farm east of town with his parents in 1873, but he has been gone so long he scarcely sees anything familiar in the bustling city of Iola.

Capital: Miss May Scott, an Iola girl, has been nominated for the office of county superintendent of public instruction by the Republicans of Bingham county, Idaho. Is the Kansas woman going to display the same facility in bobbing to the surface politically in new locations that has long been a characteristic of the men of this State?

Walt McNell has received eight handsome new clocks which will occupy space on the walls of the eight rooms in the new school building. The clocks are handsome ones and seem well behaved and of regular habits, but they will soon form the school clock habit, and hurry just before the hours of nine and one and go to sleep before twelve and four.

Mr. J. W. Simons, of Topeka, district deputy of the Modern Woodmen, has been in town for the past week in the interest of organizing a second camp. His efforts have been most successful and on next Saturday evening, October 29, "Natural Gas Camp" will be organized here with thirty charter members. Fitting and imposing ceremonies will be observed.

Humboldt Herald: At a meeting of the Brick Mfg. Co., Tuesday, it was decided to circulate subscription papers to raise money to drill a well at the Brick plant, as it will be a great convenience to have a well right at hand. Then, if gas should fail of being found, the well could be used for water. No doubt good gas will be found, however, and it is to be hoped that all will contribute what they can.

The Royal is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

Mrs. May McNell, Miss Abbie Ewart and Ella Ewart are working in the store this week in Mr. Ewart's absence. It takes all three of the young ladies to make one man as good behind the counter as Mr. Ewart.

There are so many clerks in the New York Store these days that we had quite overlooked the latest acquisition to the force in the person of Miss Della Ladd, whose charming countenance will smile from behind the counters of the dry goods department.

Mr. W. J. Pace and wife have gone to Erie, Ill., where he has purchased a general mercantile stock and where he expects to remain in the future. They have spent the summer in Iola with Mr. and Mrs. Herbert Davis. The REGISTER hopes Mr. Pace may return to Iola to make his home.

Judge Smith is getting a reputation as a match-maker, not necessarily parlor matches, at least not the kind that start fires. Monday he was the cause of Mr. Manoh Ratliff, aged 56 and Miss Leonard Miranda, aged 39 becoming man and wife and the REGISTER joins in the hearty congratulations of all their friends.

The most vigorous workers have spells of "tired feeling" now and then. This feeling is caused by derangement of the stomach, liver and bowels. The police have been trying to find out who fired the shot, but so far have succeeded in getting no clue. The bullet was a .22 calibre and the wound, it is hoped, may not prove serious.

Those who believe chronic diarrhoea to be incurable should read what Mr. P. E. Grisham, of Gaara Mills, La., has to say on the subject, viz: "I have been a sufferer from chronic diarrhoea ever since the war and have tried all kinds of medicines for it. At last I found a remedy that effected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy." This medicine can always be depended upon for colic, cholera morbus, dysentery and diarrhoea. It is pleasant to take and never fails to effect a cure. 25 and 50 cent sizes for sale by Campbell & Burrell.

WOMAN'S NIGHTMARE. She Shudders When She Realizes the Danger and Pain of Child-bearing. There is so much suffering and danger in store for the young mother, that her happy anticipation soon gives way to a feeling of dread at the thought of the pain which she must undergo. This constant fear so preys upon the mind of many women that it fills them with terror and makes baby's coming a source of the greatest anxiety and dread. All the suffering and danger of the ordeal can be avoided by the use of "Mother's Friend," which prepares the body for this important event. It relieves "morning sickness," and many other unpleasant conditions which exist during this time. Thousands of women praise "Mother's Friend" for bringing them safely through the most critical period of their lives. Every woman should send her name and address to the Bradford Regulator Co., Atlanta, Georgia, and receive free, valuable information on the subject.

The Humboldt Woodmen of the World have postponed the unveiling ceremonies, advertised for October 21d, to Sunday November 6th.

It is the character of the subscription list that counts for the advertiser. The REGISTER goes to the people who buy goods and who pay their bills.

At the Nickle Plate Restaurant last Friday the tie that binds was tied and as a result Miss Zoe Blackburn, of the south edge of Allen county, became Mrs. B. J. Jester, of Chanute.

Mr. and Mrs. Wm. Hankins and Mrs. Jacobs left Saturday for Newton where the ladies expect to meet a third sister, from Velasco, Ia., whom they have not seen for twenty years.

It is rumored that the dry goods stores have formed a combine and taken the handkerchiefs off the market. As a result the price has advanced fifty per cent—and there are other results.

Sheriff Hobart got a telegram Saturday from the sheriff at Spokane, Wash., asking if Sam Crow, a tall slim man, formerly of Humboldt, had been divorced from his wife and if he was wanted in this county for any crime. The Sheriff is unable to identify any such man as ever a resident of this county.

Northrup Bank is passing around among its customers some very acceptable little utility articles. One is a morocco bound note book, another is a russet leather match case, and still another is a little pocket memorandum slate. They all bear the inscription, "Compliments of Northrup Bank, the oldest bank in Allen county."

Sam McHugh and John Marshall members of Troop F, Regular U. S. cavalry, who have been visiting relatives here for the past three weeks, left Friday for Huntsville, Alabama, to join their regiment. The time of both of them expires in about four months but neither one of them have decided whether they will enlist or not.

While in Iola W. J. Davis, from near Humboldt, bought and stowed carefully in his inside pocket—look out Humboldt, Iola has another of your customers on the hook—a marriage license which gives him the right to wed Miss Sadie Stewart, daughter of Capt. Stewart. On whom the REGISTER calls down all manner of joy and happiness.

Prof. Hull sent a draft for \$21.84 to the LaFayette monument commission Saturday, that sum being the amount of the collection taken up by the children of the city schools, in accordance with the suggestion printed in the REGISTER some days ago. If every other school in the United States contributes in the same proportion, the monument will reach to heaven.

The REGISTER is working short handed this week on account of the absence of its advertising solicitor and local editor who both took a notion at the same time that their lives would be a failure if they did not spend this week at the Omaha Fair. And so it is hoped that any short comings will be excused. You will get twice the worth of your money when the boys get back.

Two members of the 21st Kansas came in Friday. One is Cyrus Taylor who is visiting his relative C. H. Jones, the other is Harvey W. Baker, of Marvin, Kas., a member of Co. D, who comes north to visit the family of Corporal Birdwell, whom he knew. Baker says he never found a job he liked as well as soldiering and that when he was sick at a creek amanga he was treated fine—never so well in fact. There was nothing yellow in his talk and he was on the ground and ought to know.

A friend of Joe Otten's in the Philippines recently sent him a bit of paper which he picked up with others at Cavite. It is a small document, a passport evidently, and was found in a castle that in bygone times was the home of the Governor-General. It had been issued to a woman and was dated 1840—had been used by half a dozen sub-officials. The writing was done with a pen and is very neat and fine. Frank Scott is authority for the meaning.

The attendance at the Peters-Farrelly meeting Friday was small, less than a hundred people being there at any one time, some who counted say that sixty was the greatest number at any time present—and many leaving before the meeting was over. Mr. Peters apologized for his brief speech by saying that he was sick, which is not at all surprising. He devoted most of his time to his record in Congress. Senator Farrelly talked silver and things in a very pleasant and harmless way. It is too bad there were so few people out.

When some of the boys came down town Sunday morning and got to talking over the Omaha show they got the fever so bad that they could not resist and when the time of departure came, packed up an extra collar and necktie, took their summer's wages and boarded the north bound train for the Big Show. Besides those already mentioned in last Saturday's Daily there were Will Brewster, Bert Harris, Claude Culbertson, Will Hankins, Rak Miller, Frank Travis, Frank Horville, Mrs. E. S. Bennett and Georgia English.

K.C. Journal: Charley Scott says he never thinks of an angel without seeing a vision of "a blonde girl, about 19, dressed in a pale blue robe." Every man to his taste. For our part, angels are made of fat little rascals, about 2 years old, dressed in pale blue wings.

A pain in the chest is nature's warning that pneumonia is threatened. Dampen a piece of flannel with Chamberlain's Pain Balm and bind over the seat of pain, and another on the back between the shoulders, and prompt relief will follow. Sold by Campbell & Burrell.

Last Friday W. D. Jackson, who had been working on the street force, asked John Walters if he might not have a box that was lying out in the street south of the New York Store. Mr. Walters told him he didn't suppose anybody would object, so Jackson took the box home. When he came to break it up he discovered that it was full of men's caps. Evidently the box had fallen from a dray load of goods that was being hauled for the New York Store when it was moved, and had not been noticed for it had lain out for three or four days and was thoroughly soaked with water. Of course Mr. Jackson brought the box back and received the thanks of the manager.
